**PROJECT:** Indiana University South Bend Section 14

**DESCRIPTION:** This project provides riverbank erosion protection along Northside Boulevard in South Bend, IN on the campus of Indiana University at South Bend (ISUB). This project also incorporates construction of a pedestrian bridge over the St. Joseph River, connecting the 40-acre main IUSB campus with a 26-acre expansion site. The recreation and pedestrian features within this Section 14 project were specifically included in Section 103 of WRDA 1996. Federal funding in the amount of \$2.165 million has been provided to date for planning, design and construction of the project in Congressional language. However, Federal expenditure is limited to 65% of total project costs, with the remaining 35% of project costs being a non-Federal responsibility.
